

**Memo**

**TO: NZWLA Members**

**DATE: 9 May 2020**

**RE: Covid-19, Alert Level 2 (Update #3)**

---

Following the NZ government's announcement about heading into Level 2, we are working through the guidelines so that we can start lacrosse activity back up outside of our bubbles.

What we can say is that we will be taking a staged and cautious approach, making sure we only start activity back when we know we have all the necessary protocols in place and working. This could take a number of weeks. Level 2 comes with some issues that we will need time to put in measures that will ensure we have good contact tracing, social distancing protocols and clarity around the type of activity.

We will be working with our NZWLA and NZLA committees and Regional Bodies to develop protocols and guidelines including the use of contact tracing apps to assist Regional Bodies.

Please also consider guidelines from the NZ Government when you consider training and/or playing outside of organised lacrosse activities with your friends/teammates.

As this is moving fast and evolving you will receive updates from us as and when things are finalised.

In the meantime – please continue enjoying your training at home/within your bubble and stay safe!

Nga mihi,

Nicole Goode

New Zealand Women's Lacrosse Association - President
